Registration Decision Statement[1] for *Helicoverpa armigera* Nucleopolyhedrovirus isolate BV-0003

Health Canada's Pest Management Regulatory Agency (PMRA), under the authority of the *Pest Control Products Act* and Regulations, is granting registration for the sale and use of HearNPV Technical and Helicovex, containing the technical grade active ingredient *Helicoverpa armigera* nucleopolyhedrovirus isolate BV-0003, as an insecticide to provide suppression of corn earworm in sweet corn.

This decision is consistent with the Proposed Registration Decision PRD2[illegible]08, *Helicoverpa armigera* nucleopolyhedrovirus isolate BV-0003 and Helicovex, which contains a detailed evaluation of the information submitted in support of this registration. The evaluation found that, under the approved conditions of use, the health and environmental risks and the value of the pest control products are acceptable. Health Canada received no comments on PRD2018-08, *Helicoverpa armigera* nucleopolyhedrovirus isolate BV-0003 and Helicovex.

Other Information

The relevant test data on which the decision is based (as referenced in PRD2018-08, *Helicoverpa armigera* nucleopolyhedrovirus isolate BV-0003 and Helicovex), are available for public inspection, upon application, in the PMRA's Reading Room (located in Ottawa). For more information, please contact the PMRA's Pest Management Information Service by phone (1-800-267-6315) or by e-mail (hc.pmra.info-arla.sc@canada.ca).

Any person may file a notice of objection[2] regarding this registration decision within 60 days from the date of publication of this Registration Decision. For more information regarding the basis for objecting (which must be based on scientific grounds), please refer to the Pesticides section of Canada.ca (Request a Reconsideration of Decision) or contact the PMRA's Pest Management Information Service.
